NONCOMPLIANCE SUMMARY

The offender has not complied with the following condition(s) of supervision:

| <u>Violation Number</u> | <u>Nature of Noncompliance</u> |
|-------------------------|---|
| 1 | On August 8, 2014, the offender tested positive for oxazepam (which is in a class of medications called benzodiazepines). He claimed he took a valium (prescribed to his aunt) a few days prior to the scheduled office visit to relieve a toothache. |

U.S. Probation Officer Action:

While the probation office is discouraged by Jiminez's actions, we are requesting an opportunity to address his noncompliance internally. Jiminez is gainfully employed as a driver and making strides towards re-integration. We intend to increase the intensity of supervision to include more frequent urine testing and community contact with the offender. If Your Honor agrees with our plan, the probation office will also present a copy of this order to the offender as a formal written reprimand. We will advise the Court of any additional instances of noncompliance.

Respectfully submitted,

**Maureen
